

Elite Series 45 Degree Leg Press

The Elite Series 45 Degree Leg Press is a heavy-duty, commercial-grade plate-loaded machine designed to develop strength and power in the lower body, particularly the quadriceps, hamstrings, and glutes. Built with precision-engineered 100x50x3 mm steel tubing and premium 40mm linear bearings, this unit ensures smooth and controlled movement through every rep. It features an adjustable back pad with three fixed positions, a large anti-slip stainless steel footplate for secure foot placement, and a robust safety stop mechanism for added user confidence.

Anti Slip Footpads
