

Re-Life Series, Stretch Trainer

The Re-life Series has been designed to provide a complete full body strength circuit that helps to build strength, rehabilitate, and revitalise the body to enjoy a better quality of life. The Re-Life Series complements any fitness area, suitable for users of almost all ages and fitness levels. The range consists of 8 hydraulic resistance training machines with bi-directional resistance and 1 stretching machine. The 8 machines provide a total of 15 different exercises in a compact footprint. Users of different ages and physical abilities can find their own training regime through the flexible combination of the 8 machines.
