

Elite Series, Smith Machine

Offering supreme functionality, high durability and an aesthetically sophisticated design, the Elite Series sets the benchmark for excellence in commercial selectorised strength equipment. The minimal space and budget requirements combined with the high performance, intuitive design of the Elite Series machines, makes them the perfect fit for any fitness facility and exerciser. The Elite Series Smith Machine is the perfect combination of performance and safety. The linear bearings provide an exceptionally smooth, fluid vertical bar movement and the open, walk-through design makes for an easily adaptable piece of kit. Combine with an Elite Series adjustable bench to create a multi-functional piece of equipment that will meet all of your workout needs.
