

StairMaster 8Gx 10" Touchscreen

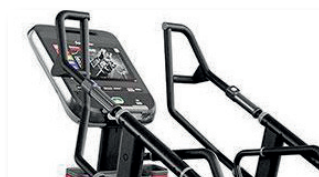

Beginning with the first stepping machine in 1983, Stairmaster has been a legendary name in the gym. Today the tradition continues with the Gauntlet. Building on 30 years of experience and proven performance, the Gauntlet provides a superior combination of cardio and strength training in our most comfortable design ever. The machine features a deeper, wider step surface with durable, rust-free polypropylene construction and is now available with all three smart affordable, flexible, OpenHub console options. Combining quality with innovation delivers a workout that's above anything else in the gym.
