

Sterling Series, Bicep Curl

The Sterling Bicep Curl is a fantastic machine for isolating the biceps. As your arms are resting on the pads, shoulder flexion is removed from the lift, therefore the workload is heavily concentrated on the biceps. The soft leather cover on the upholstery of both the seat and arm pad provides ultimate comfort during use, and the adjustable seat height accommodates users of all sizes.

Non-slip Handles

Olympic Weight Horn

Heavy Duty Construction

Black Comfortable Pad

Technical Specifications

Rating	Commercial
Upholstery	Black, 60mm thick pads with industrial vinyl, thick plywood backing and 38mm foam
