

Elite Series, T-Bar Row

Offering supreme functionality, high durability and an aesthetically sophisticated design, the Elite Series sets the benchmark for excellence in commercial selectorised strength equipment. The minimal space and budget requirements combined with the high performance, intuitive design of the Elite Series machines, makes them the perfect fit for any fitness facility and exerciser. The Elite Series T Bar Row is designed to mimic the movement of a bent over barbell row, in a safe and controlled setting. The chest pad and non-skid foot plate provides both upper and lower body stability, whilst the precise positioning of the movement arm pivot and handles ensure the user is optimally positioned to effectively isolate the back muscles.

70mm Thick Pads

Heavy Duty Steel Frame

Non-slip Foot Plates

Ergonomic Handles

Technical Specifications

Rating	Commercial
Finish	Elastostatic Powder-coated and heat cured after adhesive enhancement pre-treatment for superior durability
Tubing	2.5-3mm by 50 x 100 oval tubing
Upholstery	70mm thick black pads
Product Weight	150kg 330lbs
Loading Capacity	150kg 330lbs
Dimensions	L 197 x W 101 x H 126 cm L 50 x W 22 x H 39 inches

Key Features

Space efficient design requires minimal floor space	•
Commercial grade, heavy duty steel frame	•
Electrostatic powder-coated and heat cured for superior durability	•
Ergonomic handles ensure the upper body is supported	•
Upholstered chest pad ensures comfort throughout the movement	•
Non-slip foot plates provides stability during use	•
