

2 Station Squat Rig + Extension (Wall Mounted)

The Gym Gear Wall-Mounted 2 Station Squat Rig provides the base for any functional training set up.

The 2 Station Squat Rig can be used as a cost-effective solution for suspension training, a replacement for Olympic Benches, a small group training system with a variety of stations, or anything else you desire.

Our squat rigs are built to last, constructed from high gauge steel tubing with a 3mm thickness they can withstand the heavy use of any commercial premise.

To ensure you have full flexibility with your squat rig, the system is compatible with a range of Gym Gear accessories, allowing you to use your rig for all sorts of applications.

The squat rig setups are completely modular in design, meaning it can be extended as your business grows and expands.
