

Pro Series, Dual Adjustable Pulley

This versatile line of strength equipment offers effective weight training solutions to maximise even the most compact spaces. Whether you are an experienced athlete or a complete beginner, all 8 pieces of the Pro Series range are designed to offer a quick, straightforward and easy access workout.

Twin weight stacks and adjustable pulley positions allow for a range of movement and training options. Included in the pack are a range of cable attachments coupled with the integrated chin up bar located at the top of the machine frame (both wide and narrow grip pull up options). The Pro Series Dual Adjustable Pulley is the perfect solution for any home or commercial gym. Interchangeable cable attachments provide virtually unlimited training possibilities, allowing facilities to optimise floor space and target a broader range of user needs.
