

Platinum Series, Leg Extension / Curl

The Platinum Series Leg Extension / Leg Curl combines a number of innovative features, including an angled back pad, adjustable ankle and thigh pads, and a range limiting device, allowing for effective isolation of both the quadriceps and hamstring muscles through a selection of leg extension and curl movements.

Adjustable Pad

Handle Bars

Compact Design

Black Moulded PU Foam

Technical Specifications

Rating	Commercial
Adjustments	Adjustable knee and ankle pads
Upholstery	Black moulded PU foam
Tubing	3mm thick, electrostatic powder-coated steel tubing
Weight Stack	106kg 235lbs
Product Weight	149kg 328lbs
Dimensions	L 135 x W 131 x H 156 cm L 53 x W 51.5 x H 61.5 inches

Key Features

Space-efficient / Low profile design	•
Strong, durable and high-quality frame - 3mm thick electrostatic powder-coated steel tubing	•
Anti-corrosion coated and polished steel guide rod - prevents rusting and ensures smooth motion	•
Injection moulded translucent shroud (3.2mm) ensures ultra durability and non-deformation	•
Patented ergonomic polyurethane handle design and moulded polyurethane foam upholstery - ensures user comfort and safety	•
Signature cable and belt drive mechanisms - ensures ultra durability and long service life	•
Patented 3-linkage seat adjustment - accommodates users of all size	•
Weight stack - 5lbs increments to meet users specific requirements	•
All Dynamic components are shielded for safety purposes	•
