

## Elite Series, Vertical Knee Raise

Offering supreme functionality, high durability and an aesthetically sophisticated design, the Elite Series sets the benchmark for excellence in commercial selectorised strength equipment. The minimal space and budget requirements combined with the high performance, intuitive design of the Elite Series machines, makes them the perfect fit for any fitness facility and exerciser. The Elite Series Vertical Knee Raise provides users with a solid strength training platform, ideal for performing a range of upper body and abdominal exercises. The hand grip, elbow supports and back pad provide stability for knee-up exercises and an additional hand grip allows for dip exercises.
