

Max Grip Cable Attachments (Set of 5)

Enhance your weight-training experience with our Max Grip cable attachment set. This set of 5 attachments includes everything you need for cable exercises. Coated in a durable vinyl outer layer, which offers the right amount of friction giving a comfortable grip. The stainless steel eyelet is durable and will ensure it remains rust-free. The handles have been ergonomically designed to reduce joint strain, while also improving your overall grip and isolating the muscles you are trying to work.

Vinyl coating

Stainless-Steel Eyelet
